

MAHDI SHEIKH ISSA

Artificial Intelligence Engineer

+961 71562087 @ mhde.esa98@gmail.com https://m-issa9.github.io/
Lebanon-Nabateih

SUMMARY

Artificial Intelligence Engineer with over three years of freelancing experience in developing cuttingedge solutions. Proficient in front-end mobile app development using Flutter and back-end development with Django, complemented by expertise in MySQL for database management. Experienced in a wide range of AI-related tasks, including deep learning, machine learning, and Python programming. Successfully developed and deployed websites, showcasing strong web development capabilities. Possess foundational knowledge in Apache Spark and Scala, further enhancing versatility in big data processing. Passionate about delivering innovative, scalable, and efficient solutions in the tech industry.

EXPERIENCE

Freelance Artificial Intelligence Engineer 2020 - Present
Self-Employed Location

Company Description

- Delivered tailored AI solutions for clients, specializing in machine learning, deep learning, and computer vision. Built and deployed neural network models for predictive analytics and classification tasks. Developed computer vision models for object detection, image recognition, and automated analysis. Currently developing a scalable and modern website for a Swedish company. Designed and deployed mobile applications using Flutter, emphasizing user-friendly interfaces and performance. Built robust back-end systems with Django, integrating MySQL databases for efficient data management. Executed various projects leveraging Python for automation, data analysis, and AI-driven implementations.

Backend Developer 06/2021 - 01/2022
IXCoders Location

Company Description

- Developed and maintained back-end functionalities for web applications using Django. Collaborated with a team to optimize database operations and ensure efficient API integrations. Gained hands-on experience in debugging and resolving application performance issues.

EDUCATION

Bachelor of Science in Artificial Intelligence Engineering Date period
Arab International University

SKILLS

Programming Languages:

Python · Dart · C++ · C# · Java ·
JavaScript · SQL · HTML · CSS.

Frameworks & Tools:

Django · Flask · Flutter · TensorFlow ·
PyTorch · OpenCV.

Platforms & Tools:

MySQL · PL/SQL · Postman · GitLab · Git ·
Github Actions · Docker · AWS ·
Apache Spark.

Specialized Skills:

Machine Learning · Deep Learning ·
Computer Vision · Big Data Processing ·
RESTful API Development.

Soft Skills:

Fast Learner · adaptability ·
Ability to work under pressure ·
Communication Skills · Problem Solving ·
Team Player · Your Skill
